

SCINARI CATHALLAR

The Scinari Cathallar is the single point of darkness in the shining host of their fellow Lumineth. They take the emotional trauma from their kin and weaponise it, unleashing this torment at the foe to render them crippled by angst and despair.

DESCRIPTION

A Scinari Cathallar is a single model armed with a Despairing Touch.

ABILITIES

Emotional Transference: *A Scinari Cathallar is capable of drawing forth any feelings of despair or doom from nearby Lumineth and redirecting these emotions to afflict the foe.*

At the start of the battleshock phase, you can pick 1 friendly **LUMINETH REALM-LORDS** unit wholly within 18" of this model and roll a dice. On a 2+, do not take a battleshock test for that unit. In

addition, if any models from that unit were slain during that turn, you can pick 1 enemy unit within 18" of this model that has to take a battleshock test in that phase. If you do so, add the number of models from that friendly unit that were slain during that turn to the modified battleshock roll for that enemy unit.

MAGIC

This model is a **WIZARD**. It can attempt to cast 1 spell in your hero phase and attempt to unbind 1 spell in the enemy hero phase. It knows the Arcane Bolt, Mystic Shield and Darkness of the Soul spells.

Darkness of the Soul: *The caster fills the minds of their enemies with dark thoughts and negative emotions, making it hard for them to do anything other than contemplate their own futile existence.*

Darkness of the Soul has a casting value of 7. If successfully cast, pick 1 enemy unit within 18" of the caster and visible to them. Until your next hero phase, roll 2D6 each time that unit makes a normal move, makes a charge move, shoots or fights. Make the roll before the action is carried out. If the roll is greater than that unit's Bravery characteristic, that unit cannot perform that action in that phase.
