DESCRIPTION

A unit of Dragon Blades has 5 or more models. They wield Drake Lances and Swords and carry Drake Shields. Their steeds are graceful Aelven Purebreeds that pummel the enemy with their Ithilmar-shod Hooves.

DRAKEMASTER

The leader of this unit is a Drakemaster. A Drakemaster makes 3 attacks rather than 2 with his Drake Lance and Sword.

STANDARD BEARER

Models in this unit may be Standard Bearers. If the unit includes any Standard Bearers, add 1 to the Bravery of its models. Add 2 to their Bravery instead if the unit is within 8" of another **ORDER DRACONIS** unit from your army that includes a Standard Bearer.

HORNBLOWER

Models in this unit may be Hornblowers. You can re-roll any dice rolls of 1 when determining how far this unit can run or charge if it includes any Hornblowers.

ABILITIES

Lance Charge: Add 1 to the wound rolls and Damage of this unit's Drake Lances and Swords if it charged in the same turn.

Drake Shield: You can re-roll save rolls of 1 for a unit with Drake Shields. You can instead re-roll failed save rolls of 1 or 2 for this unit in the shooting phase.

Ancient Dignity: This unit does not need to take a battleshock test if it is within 16" of any friendly **ORDER DRACONIS HERO**.
