

SPIRIT TORMENT

The masked creatures known as Spirit Torments were pitiless jailers in life. In death they seek out those that Nagash deems his by right of rulership, bludgeoning them with their ensorcelled iron padlocks before locking away their souls.

DESCRIPTION

A Spirit Torment is a single model. It is armed with Shacklegheist Chains that it swings in swirling arcs to crush and batter the foe.

FLY: Spirit Torments can fly.

ABILITIES

Captured Soul Energy: *The chains and padlocks carried by Spirit Torments are potent magical artefacts that can capture the departing spirit of a slain foe, and use it to invigorate nearby Nighthaunt warriors.*

At the start of the battleshock phase, if 3 or more enemy models were slain that turn,

pick a friendly **NIGHTHAUNT** unit within 6" of this model and heal D3 wounds that have been allocated to it. If 3 or more enemy **STORMCAST ETERNALS** were slain that turn, heal 3 wounds instead of D3 wounds.

Alternatively, instead of healing the unit you picked, if models from that unit have been slain, you can return them to the unit. Roll a D3; you can return any slain models to that unit that have a combined Wounds characteristic of less than or equal to the number you rolled.

If your army includes more than one Spirit Torment, at least 3 enemy models must have been slain during the turn for each Spirit Torment that uses this ability, and no Spirit

Torment may use the ability more than once in the same battleshock phase.

Ethereal: *There are creatures whose bodies have long since rotted away, making them difficult to harm with mundane weapons.*

Ignore modifiers (positive or negative) when making save rolls for this model.

Nagash's Bidding: *Spirit Torments ensure that Nagash's unrepentant hosts redouble their efforts to carry out his bidding.*

Re-roll hit rolls of 1 for friendly **NIGHTHAUNT** units while they are wholly within 12" of any friendly Spirit Torments.
